Coach's Overview:

Jeaneen spent 15 years as a leader and executive productively building businesses and motivating employees to create success for themselves and their organizations. Her business experience in professional services spans regional startup, management and business development on an international scale. Jeaneen leveraged her years in the corporate world to launch her private executive coaching practice, which over the last 15 years has positioned her as one of the region's premier executive coaches.

Prior to founding her coaching practice, Jeaneen held the positions of Vice President-National Sales and Area Vice President for Accountants on Call, the second largest financial staffing company in the US with over 100 international offices. Her responsibilities included design, strategy and implementation of the organization's first national sales function and the successful start up, leadership, management and growth of a \$15 million in sales, multiple office region.
